EXPLANATION

Mounting production problems and the ever-increasing volume of the daily issue have caused delays in the issuance of our regular monthly subject indexes.

In a continuing effort to publish finding aids to the Federal Register on a more timely basis, this monthly index is a consolidation of the table of contents entries published in the daily issues during this month.

In addition to the new monthly index format (consolidated table of contents) an Annual Subject Index is planned.

Users and subscribers are invited to send their comments and suggestions to the Director, Office of the Federal Register, National Archives and Records Service, Washington, D.C. 20408.
